**OUR VALUES** Belonging, Respect, Reconciliation, Empathy, Equity, Perseverance

## Elementary Catchment Details

All new elementary catchments in the Salmon Arm urban, Salmon Arm rural, and Carlin/Sorrento areas will be in effect beginning the fall of 2027.

- Students currently enrolled in an elementary school who are impacted by catchment changes may continue attending their current school, if they choose.
- Current cross boundary students will also be able to stay at their current elementary school with the cross boundary process and procedure remaining as they are, if they choose.
- Acceptance of future cross boundary requests throughout the three-year reconfiguration transition process (2025-2028) will be limited in order to confirm accurate elementary new catchment enrolments.
- Bus routes will change to accommodate the new catchment boundaries; however, transportation is not available to students who chose to attend outside their catchment area school or a program of choice. This includes students enrolled in the K-7 French Immersion Program of Choice (Early and Late).
- Registrations for the 2027-28 school year involving new Kindergarten students or students new to the District must attend the Salmon Arm urban, Salmon Arm rural, or Carlin/Sorrento area school based on the new elementary catchment boundaries which take effect in 2027-28.
  - This includes siblings of students who are currently attending an out of catchment school. For example, a student who was formerly residing in the Hillcrest catchment area, and was attending Hillcrest, but is now residing in the new Bastion catchment area, may choose to stay at Hillcrest or attend Bastion starting in the fall of 2027. If the student chooses to stay at Hillcrest but has a younger sibling registering in Kindergarten in 2027 or beyond, the sibling would have to register at Bastion, as that is their catchment school.
  - Currently, [School Locator](#) does not reflect the new elementary catchment boundaries that will take effect in the fall of 2027. Please refer to the maps available on the SD83 website ([Salmon Arm Urban, Salmon Arm Rural, Carlin, and Sorrento School Catchment Details](#)).

## Secondary Catchment Details

All new secondary catchments in the Salmon Arm urban and rural areas took effect for Grades 10 and 11 beginning in the fall of 2025. All Grade 9 students attend JLJ and all Grade 12 students attend SAS for the 2025-2026 school year, only. Starting in the fall of 2026, all secondary students will attend the secondary school based on their catchment area as listed below:

JL Jackson Catchment Areas	Salmon Arm Secondary Catchment Areas
<ul style="list-style-type: none"> <li>• Hillcrest (Refer to Map 3)</li> <li>• North Canoe</li> <li>• Rancho</li> <li>• Silver Creek</li> <li>• French Immersion Students (Program of Choice)</li> <li>• South Canoe Outdoor School (Program of Choice)</li> </ul>	<ul style="list-style-type: none"> <li>• Bastion (Refer to Map 1)</li> <li>• Carlin (Refer to Map 6)</li> <li>• North Shuswap</li> <li>• Salmon Arm West (Refer to Map 4)</li> <li>• South Broadview (Refer to Map 2)</li> <li>• Sorrento (Refer to Map 5)</li> </ul>

- Students will attend the secondary school above based on the new catchment area in which they reside ([Refer to Maps 1, 2, 3, 4, 5, 6](#)).
- If a student attended an elementary school as an out of catchment student (e.g. cross boundary) they will attend the secondary school based on the new catchment area in which they reside.
- South Canoe families who live within the SAS catchment area and who are transitioning to secondary school, will have the option to attend either JLJ or SAS. This decision must be made by March 31, 2026. Once the decision is made, the student will remain at the chosen school for the remainder of their high school years.
- All secondary students who are eligible bus riders, including students enrolled in the secondary French Immersion Program of Choice, will have access to bussing.
